

**NOTIFICATION OF INTENT TO INITIATE RETROFIT OF
ASH FILTER PONDS A, B & C**

Pursuant to Title 40 of the Code of Federal Regulations Section 257.102(k)(5), GenOn Northeast Management Company (GenOn) is making this notification on April 10, 2017 of the intent to initiate the retrofit of Ash Filter Ponds A, B and C at the Keystone Generating Station in Shelocta, Pennsylvania. As required by 40 CFR Sections 257.105(j)(5), 257.106 (j)(5), and 257.107 (j)(5), this information is being placed in the facility's operating record and on GenOn's publicly accessible internet site.

Ash Filter Ponds A, B, and C will be retrofitted in accordance with 40 CFR Section 257.102 (k)(1) and as described in the Coal Combustion Residuals Impoundment Liner Design Certification and Retrofit Plan (March 2017).

Ash Filter Pond C retrofit activities are expected to begin on May 10, 2017 and be completed during the 2017 construction season. Ash Filter Pond B retrofit is expected to begin and be completed in 2018, and Ash Filter Pond A retrofit is expected to begin as early as 2018 and be completed in 2019.
