Subject: RE: Conemaugh Generating Station - Withdrawal of Submittal per 40 CFR §257.103(f)(1) Requirements

Good Morning,

Thank you for notifying EPA that you wish to withdraw the submittal per 40 CFR § 257.103(f)(1). We will update our website to show that the demonstration is withdrawn and EPA will stop the review of the demonstration for § 257.103(f)(1).

If you have any further questions concerning the demonstration for § 257.103(f)(1) please contact myself, Frank Behan and Richard Huggins.

If you have any further questions concerning the demonstration for the CCR Part B rule please contact Michelle Long and Richard Huggins.

Thank you,

Kirsten Hillyer

Greetings again Ms. Hillyer and Messrs. Behan and Huggins,

Per our recent communications, Conemaugh Station wishes to withdraw the subject submittal. Instead, Conemaugh Station and our engineering firm, GAI Consultants, would be grateful to EPA for your attention and hopeful approval to the submittal per 40 CFR §257.71(d)(1)(i) requirements. A CCR Rule "Part B" application was forwarded to EPA on 11-24-2020. Conemaugh Station and GAI Consultants expect to forward a revised "Part B" application to EPA either this week or early next week, per our recent communications. Thanks again for your efforts in support of these submittals. Please accept my apologies for any inconveniences related to the Station's submittals, happy to discuss – John

Good Morning,

EPA has received the demonstration submitted pursuant to the alternative closure provision § 257.103(f)(1) for the Conemaugh Generating Station. We will begin our completeness review of the demonstration as quickly as possible. EPA is maintaining a table of all submitted demonstrations and their review status on our website, <https://www.epa.gov/coalash/ccr-part-implementation>.

When EPA concludes the completeness review, we will notify you.

Thank you for your patience.

If you have any questions, please contact myself, Frank Behan, or Richard Huggins
